NORWICH HITS WINNING GAIT

Great Pitching by Lefty Smith Beats Middletown-Circus Catches by Rhylander and Friedman-Score 4 to 2-New London Wins in Eleventh-Three New Men in Norwich Lineup.

GAMES TODAY. Norwich at Willimantic. Middletown at New London. CONNECTICUT ASSOCIATION STANDING

Norwich took a step towards the top by defeating Middletown at Sachem park on Thursday afternoon, 4 to 2, pulling out the victory after both teams had played wobbly ball in the opening inning. After the ragged opening, in which each side practically presented the other with two runs, both teams settled down for a hardfought contest with enough of the spectacular sprinkled in to send the 200 fans home happy.

Chief of the big performances was the work of Lefty Smith, who lid his first day of duty for Norwich, getting off at a gait that made the fans

his first day of duty for Norwich, get-ting off at a gait that made the fans sit up and taken notice. Thirteen Middletown men struck out put Lefty up among the league records, and thir-teen of Tommy Bannon's pennant-chasers left lingering on the sacks shows what Smith did to them when they wanted a bit. they wanted a hit.

Among the spectacular stunts were Rhylander's roll over after catching a fly, and Friedman duplicated the move fly, and Friedman duplicated the move for the final out of the game, Tommy Bannot also made a nice catch of a long fly in deep right center.

Pitcher Shith poled in the run that won the game in the fourth, scoring Friedman with a single to left, after the latter had beat out an infield hit and stole. Noonan's hit in the eighth, McIntyre's sacrifice, McGuire's out, and Mulcahy's fumble of puntap's throw gave Norwich the last run. Dunlap's pickup on this chance was a pretty bit of fielding as he skipped over in front of the second bag to get the slow roller. Slim McIntyre did a bit of the limelight stuff when he stopped Mulcahy's drive that almost knocked him over, but he recovered and got his man.

Captain Bannon went home swearing that Malsack would never umpire

ing that Maisack would never umpire another game for his team. What got Bannon's goat was a runner called out at the plate when Chapdelaine dropped the ball. Both nines kicked continually over the called balls and strikes. The

BEARS WERE NERVOUS. Natural Rebound in the Market-Violent Break in Wheat Market.

New York, May 26 .- The recovery of stocks today was owing in large part to the disproof of the rumors of dan-gerous developments which came into circulation while prices were falling yesterday. The quality of these ru-mors in itself stamped the source of them with operators seeking to force mors in itself stamped the source of them with operators seeking to force a decline in prices. These conditions were sufficient to account for a natural rebound in the market. There were besides a number of favorable developments of a more positive character. Of these the violent break in the wheat market was the most considered, owing to the farreaching implications carried with it. Engagements of gold today for shipment to Canada emphasize the importance of the harvests. The Canadian banks are expanded in their loans in quite as striking a degree as the banks on this side of the border and from almost exactly the same conditions. The principal reserve banks of Canada keep large resources in New York and have corresponding power to draw on New York resources to meet their home requirements.

The further recession in foreign ex-ehange rates today marks a protection from further inroads on the New York banks on another side.

There was discussion of the proposal to reduce the rate of interest to New to reduce the rate of interest to New York savings bank depositors. If this movement could be accepted as an index of a falling investment return for capital it might promise a forward movement in prices of bonds and fixed interest bearing securities. But the shrinkage in bond prices which are savings bank investments and the consequent reduction in book value of the surplus of these institutions is the more evident motive.
